# THE MOST VALUABLE COMPANY YOU MUST TRUST

Founded 25 years ago, the Chakra furniture influenced modernism significantly. This background inspires us to collaborate with others to reinterpret modernism's holistic design approach to meet new challenges time after time.

Today, the power of good design is more important than ever. Because how can we wed the flexibility and diversity of modern working environments with sustainability, continuity and identity? We've spent decades developing a design language to make highly attractive products that are also simple, honest and break new grounds in terms of practicality. Each detail is important to the distinctive look of the finished item. Therefore, in the spirit of the Chakra team, a clear vision for the future is apparent in each and every product.
